L&T Finance looks to exit debt capital market biz

# Creditors' panel approves \$10 mn interim funds for Jet

Lenders also decide to allow bids from investors with a minimum net worth of ₹1,000 cr

gopika.g@verrni.com  
MUMBAI

L&T Finance Holding on Friday said the company was looking to exit its ₹8,660-crore structured finance and debt capital market (DCM) business. The decision to wind down the business is in the wake of a market-to-market hit on account of its exposure to Dewan Housing Finance Corporation Ltd.

L&T Finance has classified its structured finance and debt capital market as "defocused" book this quarter, while it turns its focus on infrastructure finance and infra debt fund. The firm has exited its supply chain finance business.

Announcing its first quarter results, the company said its exposure to specific IFC, part of its DCM business, saw a mark down of 30% on overall exposure of ₹467 crore. It had to take the MTM hit after ratings of the IFC was downgraded.

L&T Finance is looking to focus on core business such as rural lending, housing finance and infrastructure finance, and will look to build two business segments, including SME and consumer loans.

## INSOLVENCY RESOLUTION PLAN

The Committee of Creditors (CoC) of Jet Airways (India) Ltd on Friday approved an interim funding of \$10 million (about ₹63 crore) for the airline, which will be used for the corporate insolvency resolution process, two people with direct knowledge of the matter said, requesting anonymity.

During the past two days, the airline's CoC, led by the State Bank of India (SBI), also voted on other resolutions, including calling for bids for banking Jet Airways' assets sale and admission of claims by creditors.

"The CoC has today voted in favour of a \$10 million interim debt infusion by bankers, which will help start the insolvency resolution process," said a first person.

"\$10 million will be used to hire people on contracts to verify claims made by different creditors of the airline," said the second person.

The creditors' vote in favour of a debt infusion by bankers will help start the insolvency resolution process.

person said, adding that advertisement seeking expressions of interest (EOI) will be published within a couple of days.

The interim funding of about ₹69 crore will be used for the corporate insolvency resolution process.

The IP of Jet Airways said out of the ₹21,887 crore, it has admitted claims of 18,462.70 crore from the financial creditors.

who have the first right to proceeds from Jet Airways' bankruptcy resolution, have claimed ₹9,233 crore, while 2,400 operational creditors have claimed ₹2,372 crore.

are under verification, while those of ₹1,380.82 crore were rejected. The steep claims push the airline closer to liquidation.

A consortium of 26 bankers led by SBI had approached the tribunal to recover debts of over ₹8,500 crore.

The lenders had been trying to sell the beleaguered airline as a going concern for the past five months.

The NCLT will hear the insolvency case and the progress report by the insolvency resolution professional on 23 July.

Gopika Gopalsumar contributed to the story.

# IndiGo flies high in Q1 amid falling-out between promoters

FROM PAGE 22

Board of India (Sebi) and the ministry of corporate affairs (MCA) had sought explanations from the company on the charges of corporate governance lapses raised by Ganguly earlier this month.

If the differences are not settled quickly, the dispute could dent investor confidence in the airlines, delay decisions on key issues, invite avoidable regulatory attention and force the carrier to cede space to rivals.

Data said the company was making a submission to Sebi on Friday and would respond to the MCA's queries by the end of next week.

"We have said many times, when it comes to overall strategy on growth and international expansion, etc., the promoters are totally in sync. We have confirmed that again at the board meeting today. The only issue of disagreement is the agreement between the promoters. It has nothing to do with the company and the strategy," Dutta said.

Industry experts said prolonged differences between two large shareholders could lead to uncertainty in the minds of the employees, vendors and high jet fin priers, the carrier climbed back spectacularly in the subsequent two quarters to end the March 2019 quarter with ₹90 crore net profit, up by over 100% from a year ago.

high-caper business like airlines, start getting concerned and may pull back. The best solution would be to rework the terms of agreement, some of them should exit," said Tarun Dhatia, managing director and head, South Asia, Kroll, a risk advisory firm.

IndiGo improved its bottom line on account of higher sales and improved margins. The fact that jet fin priers remained softer and the domestic currency was firm in the June quarter compared to the year-ago period, also helped.

Sales jumped 14.7% from the year-ago period to ₹1,420 crore in the June quarter. IndiGo's sales and market share have been steadily increasing in the recent past, following the annual of Jet Airways in April.

IndiGo improved its bottom line in the June quarter on account of higher sales and improved margins.

IndiGo's share in the domestic market rose from 33.7% in January 2018 to 38.1% in June 2019, giving it the unique position of controlling half of India's air travel market. It ferried 6 million passengers during May 2019 compared to 4.6 million in January 2018. After posting net losses of ₹622 crore in the September 2018 quarter, on account of a weak rupee and high jet fin priers, the carrier climbed back spectacularly in the subsequent two quarters to end the March 2019 quarter with ₹90 crore net profit, up by over 100% from a year ago.
