From the desk of
**Chairman &
 Managing Director**

Dear Stakeholders,

Every enterprise is tested not by the years when growth comes easily, but by how it responds when conditions turn demanding. FY 2025–26 was such a year for Munjal Showa. We delivered steady revenue growth and continued to invest in strengthening the capabilities that will support the Company's long-term competitiveness. These investments—across manufacturing, engineering, and digital infrastructure—reflect our belief that enduring value is created by building a stronger business, not simply by delivering short-term results.

Our Performance

Revenue from operations for the year grew 5.2% to ₹ 1,315.42 crore, compared with ₹ 1,250.45 crore in the previous year. While the combined impact of input-cost volatility, fixed cost of technology, and investments made during the year to strengthen our digital infrastructure affected profitability in the short term, they represent the

efforts the Company has undertaken in building a more efficient, resilient and future-ready organisation.

Reflecting our confidence in the Company's underlying fundamentals and long-term prospects, your Board has recommended a dividend of ₹ 4.50 per equity share, maintaining the same level as the previous year.

Strengthening the Core

The strength of Munjal Showa has always been built on disciplined execution and manufacturing excellence.

We have further strengthened our presence in the premium motorcycle segment while enhancing our manufacturing capabilities through lean manufacturing, Total Productive Maintenance (TPM) principles, in-house automation, and continuous process improvement. This reflects our philosophy of developing robust, practical, and low-cost automation solutions that improve productivity, simplify maintenance and support sustainable cost competitiveness.

The successful transition from SAP ECC to SAP S/4HANA during the year marked an important milestone in our digital transformation journey, strengthening process integration, operational visibility and data-driven decision-making while providing a scalable foundation for future growth.

Building Future Capabilities

Alongside operational excellence, we continued to strengthen our engineering capabilities through our strategic technology collaborations with Astemo (Japan), Soben (France) and TFX Suspension (Netherlands). These partnerships expand our access to advanced premium suspension technologies and enhance our ability to offer differentiated solutions to Indian OEMs as demand shifts towards EVs and premium vehicle platforms.

While the collaborations with Soben and TFX are still at an early stage and have yet to translate into commercial supplies, they provide an important platform for capability development in a segment that has historically been served through imports. We believe these relationships will strengthen our product portfolio and support our continued move towards higher-value engineering solutions over time.

At the same time, our R&D efforts remain focused on strengthening indigenous engineering and product development capabilities, particularly for emerging mobility applications, including electric vehicles. As the industry evolves, these capabilities will enable us to respond more quickly to changing customer requirements, compete across a wider range of opportunities and create greater long-term value that complement our existing technology strengths.

Industry Context

The Indian automotive industry demonstrated resilience during the year. Following a relatively subdued first half, demand recovered meaningfully after the GST rate rationalisation announced in September 2025, resulting in a strong festive season and a record year for the Indian auto component industry, which surpassed ₹ 7.6 lakh crore in turnover.

At the same time, consumer preferences continue to evolve towards premium vehicle segments, while electric mobility is steadily gaining momentum, particularly in the two-wheeler market. These structural shifts are creating new opportunities for suppliers with strong engineering

capabilities, manufacturing discipline, and the ability to develop differentiated products for changing customer requirements.

Engineering Ahead

As we look ahead, we remain focused on the capabilities that will define Munjal Showa's competitiveness in the years ahead. We will continue to strengthen our operational excellence, deepen our engineering capabilities, continued digitalisation and disciplined investment in product development that supports the evolving needs of the automotive industry.

By remaining focused on these fundamentals, we are positioning Munjal Showa to respond to changing customer expectations, strengthen our competitive position and create sustainable long-term value.

Sustainability

Sustainability remains an important part of our long-term approach to building the business. We continue to invest in energy-efficient manufacturing, responsible resource use, and operational practices that improve both environmental performance and business resilience. At the same time, we remain committed to strengthening our ESG disclosures and transparency year after year, recognising that responsible business practices are integral to creating sustainable long-term value.

In Closing

The resilience and commitment of our employees have been central to everything the Company achieved this year. Their dedication, together with the continued trust of our customers, business partners, our joint venture partner and our shareholders, has enabled us to navigate a challenging operating environment while continuing to strengthen the foundations of the business.

While the financial outcome this year did not fully reflect the efforts we have made, I am confident they are strengthening the foundations of the Company for the years ahead. Thank you for your continued trust and confidence. We remain committed to building a stronger Munjal Showa. On that foundation, we will continue to build with the same discipline, engineering excellence and long-term perspective that have defined Munjal Showa for decades.

 2. Additionally, in accordance with Regulation 36(1) (b) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Company is also sending a letter to Shareholders whose e-mail addresses are not registered with Company/Depositories Participant, providing the weblink of Company's website from where the Annual Report for the Financial year 2025-26 can be accessed. The forthcoming AGM will thus be held through video conferencing (VC) or other audio-visual means (OAVM). Hence, Members can attend and participate in the ensuing AGM through VC/OAVM.
 3. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and the circulars, the Company is providing facility of remote e-voting to its Members in respect of the business(es) to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.
 4. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to atleast 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
 5. The attendance of the Members attending the

AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.

5. Pursuant to the Circulars, the facility to appoint a proxy to attend and cast vote for the members is not available for this AGM. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.
6. In line with the Circulars, the Notice calling the AGM has been uploaded on the website of the Company at www.munjalshowa.net. The Notice can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e. www.evotingindia.com.
7. The Board of Directors of the Company ("the Board") has appointed Mr. Arun Kumar (Membership No. F11553, COP No. 17196), Proprietor of M/s AKU & Associates, Practicing Company Secretaries (ICSI firm registration No. S2016DE428500) as the Scrutinizer, to scrutinize the remote e-Voting process as well as e-Voting process during the AGM in a fair & transparent manner.
8. The Scrutinizer shall, immediately after the conclusion of voting at the AGM, unblock the votes cast through e-Voting (i.e. votes cast during the AGM and votes cast through remote e-Voting) and will submit a consolidated Scrutinizer's Report of the total votes cast in favour or against, if any, to the Chairman or any other person authorized by him in writing, who shall countersign the same. The results will be announced within 2 working days or 3 days, whichever is earlier, from the conclusion of the 41st AGM.
9. The Results declared along with the report of the Scrutinizer shall be placed on the website of the Company at www.munjalshowa.net, and on the website of CDSL at www.evotingindia.com and also shall be communicated to BSE Limited and National Stock Exchange of India Limited, where

the Company's equity shares are listed and be made available on their respective websites. The Company will also display the results at its Registered Office.

10. Details as required in sub-regulation (3) of Regulation 36 of the SEBI (LODR) Regulations, 2015 and Secretarial Standard on General Meeting ("SS-2") of ICSI, in respect of the Directors seeking appointment/re-appointment at the 41st AGM, forms integral part of the Notice of the 41st AGM as Annexure-A.

THE INSTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Step 2 : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- (i) The voting period begins on **Friday, August 21, 2026 at 09:00 A.M IST** and ends on **Sunday, August 23, 2026 at 5:00 P.M IST**. During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date **Monday, August 17, 2026** may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholder's/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords

by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (iv) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to abovesaid SEBI Circular, Login method for e-Voting and joining virtual meetings **for Individual shareholders holding securities in Demat mode CDSL/NSDL** is given below:

Type of shareholders	Login Method
Individual Shareholders holding securities in Demat mode with CDSL Depository	1) Users who have opted for CDSL Easi / Easiest facility, can login through their existing user id and password. The Company had received their written consent that the appointment will be in accordance with the applicable provisions of the Act and rules framed thereunder.

The Secretarial Audit Report is self-explanatory and do not call for any further comments. There are no qualifications, reservations, adverse remark, observations, comments or disclaimer given by the Auditors in their Report except:

1. *The Company falls under the category of top 2000 listed entities pursuant to Regulation 3(2) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and consequent upon the resignation of Mr. Kazuhiro Nishioka (DIN: 00602255) from the position of Non-Executive-Non-Independent Director, the Company did not have minimum number of Six (6) Directors as prescribed in Regulation 17(1)(c) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 from April 08, 2025 till May 26, 2025.*
2. *There was an instance of a delayed submission under Regulation 30 read with Schedule III of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Master circular issued by Securities and Exchange Board of India (SEBI) on November 11, 2024 read with circular dated December 31, 2024 and Industry Standards Note on Regulation 30 of the LODR Regulations, concerning outcome of the Board Meeting held on May 26, 2025 with*

National Stock Exchange of India Limited (NSE) by about 3 hours 58 minutes.

3. *The Company has in place a Structured Digital Database (SDD) pursuant to the requirements of Regulation 3(5) & 3(6) of the SEBI (Prohibition of Insider Trading) Regulations, 2015. However, during the course of our review, it was observed that some instances relating to sharing of Unpublished Price Sensitive Information (UPSI) were not fully captured in the SDD maintained by the Company. The management has represented that necessary steps are being undertaken to further strengthen the process and controls for comprehensive recording and monitoring of UPSI sharing in the SDD.*
4. *The Company in adherence to the provisions of the Companies Act, 2013 and rules made thereunder, along with Rule 7(2A) & (2B) of the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, had duly approved the appointment of Mr. Pankaj Gupta (CFO) as the Nodal Officer of the Company. However, the statutory filing of e-Form IEPF-2 being e-Form for filing details of Nodal Officer was submitted/ filed beyond the prescribed timeframe. Based on the records and information/explanation/justification furnished before us by the company the delay was technical in nature and occurred due to technical glitches on the Ministry of Corporate Affairs (MCA) portal.*
5. *The company's adherence to the Secretarial Standards prescribed by the Institute of Company Secretaries of India (ICSI) relating to the Board, General and Committee Meeting(s) including the Notice, Agenda and maintenance of the Minute Book for Board, General and Committee meeting(s) was observed to be satisfactory. The company to endeavour adherence with the applicable Secretarial Standards (SS) issued by the ICSI in respect of circulation of Minutes of the meetings of the Board of Directors and its Committee(s).*

MANAGEMENT RESPONSE:

1. The Company, being a top 2,000 listed entity, is required to maintain a minimum of six (6) Directors on its Board under Regulation 17(1)(c) of the SEBI (LODR) Regulations, 2015. Following the resignation of Mr. Kazuhiro Nishioka (DIN: 00602255) with effect from April 08, 2025, the Board strength temporarily fell below

the prescribed minimum for a period of approximately 48 days till May 26, 2025. The Company was actively engaged in identifying a suitable candidate during the intervening period, and the shortfall was entirely attributable to the time required for identification, due diligence and completion of requisite appointment formalities. The Board strength was duly restored to the requisite minimum on May 26, 2025, and the Company has since ensured full compliance with the said requirement.

2. The outcome of the Board Meeting held on May 26, 2025 necessitated disclosures to NSE under multiple sub-categories under Regulation 30 read with Schedule III of the SEBI (LODR) Regulations, 2015. While the submission under the Dividend sub-category was made within the stipulated timeframe, the submission under the Outcome of Board Meeting sub-category was inadvertently delayed by approximately 3 hours and 58 minutes. The Company acknowledges the said delay and has since strengthened its internal compliance mechanisms to ensure timely and accurate submissions across all applicable sub-categories to both stock exchanges going forward.
3. While the Company has a duly established SDD in compliance with Regulation 3(5) and 3(6) of the SEBI (PIT) Regulations, 2015, the Secretarial Auditors observed that certain instances of UPSI sharing during the period under review were not fully captured therein. The management has taken cognizance of the observation, and corrective steps including personnel sensitization and strengthening of internal controls are being undertaken to ensure comprehensive recording and monitoring of UPSI sharing in the SDD.
4. While the Company had duly obtained Board approval for the appointment of Mr. Pankaj Gupta, CFO, as Nodal Officer under the applicable IEPF Rules, the statutory filing of e-Form IEPF-2 was delayed due to technical glitches on the MCA portal, which were beyond the control of the Company. The form was filed at the earliest opportunity upon resolution of the said technical issue.
5. The overall adherence to applicable Secretarial Standards with respect to Board, General and

Committee Meetings has been observed to be satisfactory by the Secretarial Auditors. With respect to the specific observation regarding timely circulation of draft Minutes, the Company Secretary has assured that strict adherence to the prescribed timelines for circulation of Minutes shall be ensured going forward.

The Report given by the Secretarial Auditor for the financial year ended on March 31, 2026 is annexed as **Annexure-D** and forms an integral part of Annual report.

Further, no fraud has been reported by the Auditors in terms of Section 143(12) of the Act during the financial year.

INTERNAL AUDITORS

In terms of provisions of Section 92(3), 134(3)(a) of the Act read with Rule 12 of the Companies (Management and Administration) Rules, 2014, the copy of annual return of the Company for the Financial Year ended March 31, 2026 has been placed on the website of the company and the same can be accessed by the any person through below given web-link. <https://munjalshowa.net/annual-return-3/>.

PARTICULARS OF EMPLOYEES

The statement of particulars of employees as per Section 197 of the Act read with Rule 5 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, for the year ended March 31, 2026 is annexed as **Annexure-F** and forms an integral part of this report.

CORPORATE SOCIAL RESPONSIBILITY INITIATIVES

In terms of provisions of Section 135 of the Act and the Companies (Corporate Social Responsibility Policy) Rules, 2014, the Corporate Social Responsibility (hereinafter referred as 'CSR') Committee has formulated a CSR Policy indicating the activities to be undertaken by the Company. The constitution of CSR Committee is disclosed in Corporate Governance Report which forms an integral part of Annual Report.

The CSR policy may be accessed on the Company's website i.e. <https://munjalshowa.net/wp-content/uploads/2024/04/CSR-POLICY.pdf>

As part of its initiatives under CSR, the Company has undertaken projects in the areas of Education, Health, Water and Sanitation. These projects are largely in accordance with Schedule VII of the Act and CSR Policy of the Company. The annual report on CSR activities as required under the Companies (CSR Policy) Rules, 2014 is set out as **Annexure-G** and forms an integral part of this report.

Munjla Showa Limited considers Corporate Social Responsibility as an integral part of its business activities and endeavors to utilize the allocated CSR budget for the benefit of the society.

The Company has incurred the CSR expenditure as follows:

Sl. No.	Particular	Amount (INR)
(i)	Two percent of average net profit of the Company as per section 135(5)	72,43,000
(ii)	Total amount spent for the financial year	74,12,974
(iii)	Excess amount spent for the financial year [(ii)-(i)]	1,69,974
(iv)	Surplus arising out of the CSR projects or programmes or activities of the previous financial years, if any	Nil
(v)	Amount available for set off in succeeding financial years [(iii)-(iv)]	1,69,974

* The Company has spent excess of ₹ 1,69,974 for CSR Expenses in the financial year 2025-26. In the Year 2025-26, the Company Adjusted INR 5,88,708 (excess expenditure done in FY 2024-25)

against CSR Expenses liability of the said year. Therefore, INR 7,58,682 will be available for set off in succeeding financial years.

For the subsequent years, the Company endeavors to spend the budgeted CSR expenditure in accordance with the statutory requirements.

MATERIAL CHANGES AND COMMITMENTS

There are no material changes and commitments affecting the financial position of the Company that have occurred between the end of financial year and the date of the report.

ENVIRONMENT COMPLIANCE

We believe that “waste is a precious resource kept in a wrong place”. We further believe that “there is no waste as per the law of the nature”. Hence from the solid waste like Iron & Steel from old scrap machines, we are collecting the raw material and we are manufacturing “Lean and Low cost” machines with a philosophy of Easy to run, Easy to maintain, Easy to clean and Zero accident by meeting all the quality and productivity standard. Everything is done in-house starting from design up to finishing the machine. This concept of reuse of metallic waste is highly appreciated by CII, ACMA and international experts of our Japanese Collaborator. By Regular training for workers and staff to prevent accident related to mechanical, electrical, chemical, physiological, and psychological safety the Company has made “Zero incidents” as acceptable standard. Hazard Identification and Risk Assessment (HIRA) is our primary focus to mitigate and prevent the abnormalities. Because of our dedicated and committed efforts in continual improvement of Safety, Health, and Environment area, we had received two National Awards from Ministry of Labour and Employment, Government of India for safety. The Company is a regular member of Haryana Environment Management Society.

The Company has started Green Vendor Development Programme (GVDP) since 2009-10. The aim of the project is to conserve water and energy, minimize generation of waste, terminate hazardous chemicals with non-hazardous chemicals, minimize carbon footprint and generate pollution prevention awareness throughout the plant and to achieve 100 percent legal compliance. The Company is rigorously improving to create a better place for our next generation.

TOTAL PRODUCTIVE MAINTENANCE

The Company has taken up the journey of Total Productive Maintenance (TPM) with the help of JIPM (Japan Institute of Plant Maintenance) Japan and CII, TPM Club India. Major objectives of TPM are to increase (PQCDSME) Productivity, to improve Quality, to reduce Costs, to ensure in time Delivery, to increase Safety, to increase profitability, to build Morale and to protect environment by formation of small cross functional work groups and to improve overall Plant efficiency. The other objectives are to procure and install maintenance free plant and machinery; and to achieve zero defects, zero breakdown, zero losses and zero accidents. In nutshell, TPM is to identify 21 types of Losses & converts them into Profit. We are able to reduce Repair & Maintenance Cost and working very aggressively towards reduction in Inventory Loss.

We have achieved TPM Excellency Award “Category A” for Gurugram and Manesar Plants in the years 2008 and 2010 respectively from Japan Institute of Plant Maintenance. We have been awarded by JIPM TPM Excellence Consistency Award for both Gurugram & Manesar Plants in the year 2013. Now we have started TPM Journey in our Haridwar Plant also & we had TPM Kick-Off Ceremony in November 2015.

LEAN TPM ACTIVITIES

We have clubbed TPM with lean manufacturing system. Through Lean we are able to focus & control 8 types of wastes. Now we are giving more focus on 3 M’s – Muda, Mura & Muri. Our Company has conducted Lean Manufacturing System (Value Stream Mapping) Workshop through JMAC Japan. We have converted huge & complicated machines by using TPM & Lean Concepts. These machines consume very less Electricity, occupy less space, take very less inputs like consumables, manpower, tools, oils, compressed air, less set-up time, less cycle time, etc. These machines are 10S Machines (Safe, Simple, Small, Slim, Speed, Smart, Sturdy, Superb, Sushil & Sunder) and help us in reducing Cost of manufacturing. As on date we have built & rebuild 1162 machines.

Low-Cost Automation is the need of hour. In this area we have achieved great success in a very short span of time by manufacturing 16 numbers 2W Rod CNC machines from manual to Automatic mode. Besides this Automation

has been achieved in most of Damper case & Bottom tube Welding process in all the 3 Plants. Many other machines in different lines. Resulting into Quality & Productivity improvements in many folds. Another 7 major Projects are there in pipeline & very soon we will achieve them. We are also working towards Introduction & implementation of Material Flow Cost Accounting.

Major breakthrough achieved by in-house manufacturing of 27 SPM Machines for Floating Piston Technology in Rear Cushion segment. Which has been successfully launched with ADLA Hero Model. Also, we have successfully manufactured 24 SPM machines for Front Inverted Technology. Both the Floating Piston as well as the Inverted Technology all the machines confirm to Industry 4.0 configuration. Inverted Front Fork Technology shock absorbers for the prime segment Motorcycles.

Fully Automatic Valves counting & Dispensing Machine has been developed In-house with a very high level of accuracy. This is another breakthrough achievement besides this was the requirement of all the Customers. And the 2nd Auto Valve counting machine for the Honda & Maruti Segment will be launched by June 2026 end.

ANNEXURE-A TO THE BOARD'S REPORT

Management Discussion and Analysis Report

Industry Structure and Development

The **automotive industry in India** is one of the largest and fastest-growing automobile markets globally. As of 2026, India has emerged as the world's third-largest automobile market in terms of sales and the fourth-largest in vehicle production. The industry contributes significantly to the country's manufacturing output, exports, employment generation, and GDP growth. Driven by rising domestic demand, rapid urbanisation, increasing income levels, strong policy support, and growing investments in electric mobility, the Indian automobile sector continues to be recognised as a major "sunrise industry" with strong long-term growth potential.

As of 2026, India's automobile industry is valued at over US\$250 billion and contributes around 6.8%–7% to the country's GDP and nearly 8% of total exports. India is the

world's largest manufacturer of two-wheelers and three-wheelers and the third-largest automobile market in terms of sales. The sector has witnessed strong growth in the production of passenger vehicles, commercial vehicles, and electric vehicles. Supported by rising demand, government initiatives, and technological advancements, the Indian automobile industry continues to be one of the fastest-growing sectors of the Indian economy.

Domestic automobiles production: The Indian automobile industry produced a total of 3,47,08,984 vehicles, including Passenger Vehicles, Commercial Vehicles, Three-Wheelers, Two-Wheelers, and Quadricycles, during April 2025 to March 2026, as against 3,10,34,174 units produced during April 2024 to March 2025, registering strong growth in overall vehicle production driven by rising domestic demand and improved market sentiment.

Automobile Domestic Sales Trends

Category	2020-21	2021-22	2022-23	2023-24	2024-25	2025-26
Passenger Vehicles	27,11,457	30,69,523	38,90,114	42,18,746	43,01,848	46,43,439
Commercial Vehicles	5,68,559	7,16,566	9,62,468	9,67,878	9,56,671	10,79,871
Three Wheelers	2,19,446	2,61,385	4,88,768	6,91,749	7,41,420	8,36,231
Two Wheelers	1,51,20,783	1,35,70,008	1,58,62,087	1,79,74,365	1,96,07,332	2,17,05,974
Quadricycles	12	124	725	725	120	-
Grand Total	1,86,20,233	1,76,17,606	2,12,04,162	2,38,53,463	2,56,07,391	2,82,65,515

Exports:

During April 2025 to March 2026, Passenger Vehicle exports increased from 7,70,364 units to 9,05,487 units, while Commercial Vehicle exports rose from 80,986 units to 95,215 units. Three-Wheeler exports increased from 3,06,914 units to 4,61,487 units and Two-Wheeler exports grew from 41,98,403 units to 51,82,314 units over the corresponding period of the previous year.

While the nation continues to progress towards the vision of 'Atmanirbhar Bharat', the automotive sector has emerged as a key beneficiary, though certain challenges still persist.

The Government has encouraged Indian auto component manufacturers to enhance localisation levels and strengthen domestic manufacturing capabilities in order to reinforce the overall automotive supply chain.

In the present environment, most automobile manufacturers have expressed their willingness to support the Government's localisation initiative; however, they continue to seek support in areas such as infrastructure development, skilled workforce availability, industry expansion policies, access to advanced technology and global practices, cost competitiveness, and availability of affordable capital. The industry is also witnessing rapid

technological transformation, requiring higher investments in research and development. From a trade policy perspective, key concerns for Indian manufacturers include slowdown in investments in the OEM auto sector, import duties on certain auto components, and increasing imports, particularly from ASEAN countries.

Advantages in India

1. Robust Demand

- India continues to remain one of the world's largest automobile markets, supported by favourable demographics, rising income levels, and increasing urbanisation.
- The Electric Vehicle (EV) segment is expected to witness significant growth, supported by government incentives and increasing consumer adoption.
- The Government's focus on reducing import dependence is creating substantial opportunities for domestic auto component manufacturers.

2. Competitive Advantage

- India offers a manufacturing cost advantage of around 10–25% compared to several developed markets.
- The country has a large pool of skilled and semi-skilled manpower supported by a strong technical education ecosystem.
- India remains one of the world's largest steel producers, providing cost competitiveness in raw material sourcing.
- Strategic geographic proximity to ASEAN countries, Japan, Korea, and Europe enhances India's position as a preferred global sourcing hub.

3. Export Opportunities

- India exports over 25% of its auto component production.
- In FY25, India's auto component exports increased from US\$ 21.2 billion to approximately US\$ 22.9 billion, with the industry continuing to maintain a trade surplus.
- Export growth continues to benefit from rising

global sourcing demand and the China+1 manufacturing strategy.

- The industry plans to invest around US\$ 7 billion by FY28 towards localisation of advanced technologies including EV components and automatic transmissions.

4. Policy Support

- The Government continues to support the EV ecosystem through schemes such as FAME-II and other incentive programmes.
- 100% Foreign Direct Investment (FDI) continues to be permitted under the automatic route for the auto component sector.
- The Production Linked Incentive (PLI) Scheme for automobiles and auto components is expected to drive significant investments and technological advancement in the sector.
- Initiatives such as Bharat NCAP are expected to increase demand for technologically advanced and safety-oriented automotive components.

Market Size

The Indian auto component industry is broadly classified into organised and unorganised segments. The organised sector primarily caters to Original Equipment Manufacturers (OEMs) and manufactures high-value precision components, whereas the unorganised sector mainly serves the aftermarket with relatively low-value products.

To cater to the rising demand, automobile manufacturers have continued to invest significantly across various segments of the industry in recent years. The automobile sector attracted cumulative Foreign Direct Investment (FDI) equity inflows of around US\$ 39.7 billion during April 2000 to December 2025, accounting for a significant share of the total FDI inflows into the country during the period.

Opportunities and Threats

- India continues to strengthen its position as a preferred global sourcing hub for auto components, supported by competitive manufacturing costs, an expanding industrial base, and improving supply chain capabilities.
- The country enjoys a favourable geographical advantage with access to key automotive markets

including Europe, the Middle East, and ASEAN countries, thereby enhancing export potential for domestic manufacturers.

- The Automotive Mission Plan 2016–26 has provided strategic direction for the long-term development and competitiveness of the Indian automotive industry.
- Government initiatives such as the National Automotive Testing and R&D Infrastructure Project (NATRiP) and other policy measures continue to support research & development, innovation, and technological advancement in the sector.
- The auto component sector continues to benefit from 100% Foreign Direct Investment (FDI) permitted under the automatic route, encouraging global participation and technology transfer.
- Various policy initiatives aimed at promoting electric mobility, localisation, and advanced manufacturing are expected to create significant long-term growth opportunities for the industry.

At the same time, the automotive industry is undergoing a significant technological transition with increasing focus on electric mobility and sustainable transportation solutions. The gradual shift from internal combustion engine (ICE) vehicles to electric vehicles may impact the demand for certain conventional auto components over the medium to long term, particularly components associated with engine and transmission systems.

In view of the evolving industry landscape, manufacturers, especially small and medium enterprises (SMEs), may be required to undertake substantial investments towards technology upgradation, product diversification, and development of EV-compatible components. The pace of technological transformation, changing regulatory requirements, and evolving customer preferences may continue to pose operational and strategic challenges for industry participants.

Nevertheless, the Indian automotive and auto component industry continues to offer strong long-term growth prospects driven by increasing domestic consumption, export opportunities, favourable policy support, localisation initiatives, and integration with global supply chains.

Government Initiatives

The Government of India's Automotive Mission Plan

(AMP) 2016–26 has significantly contributed towards the development and growth of the Indian automotive sector by providing a long-term policy roadmap focused on innovation, competitiveness, sustainability, and manufacturing excellence. The Indian automobile industry continues to remain a key contributor to the country's manufacturing output and economic growth, supported by rising domestic demand, increasing exports, and favourable policy initiatives.

The Government has undertaken several initiatives to accelerate the transition towards clean and sustainable mobility. The Production Linked Incentive (PLI) Scheme for Automobile and Auto Components, with an approved outlay of ₹25,938 crore, continues to encourage investments in advanced automotive technologies and domestic manufacturing capabilities. Further, under the Union Budget 2026–27, the allocation for the auto PLI scheme was increased to approximately ₹5,940 crore to support localisation, electric mobility, and next-generation automotive manufacturing.

In addition, the PM E-DRIVE Scheme, launched with an outlay of approximately ₹10,900 crore, aims to promote electric mobility through incentives for electric two-wheelers, three-wheelers, buses, charging infrastructure, and localisation of EV supply chains. The scheme is expected to provide further impetus to the development of the domestic EV ecosystem and advanced automotive manufacturing in India.

The Automotive Mission Plan (AMP) 2016–26 also envisages enhancing the contribution of the automotive industry to the Indian economy through increased production, employment generation, exports, technology adoption, and improved global competitiveness. Government initiatives such as "Make in India", FAME-II, PM E-DRIVE, Bharat NCAP, and proposed CAFÉ-III norms are expected to further strengthen the sector's long-term growth prospects.

Achievements

Following are some of the key achievements and developments in the automobile sector during FY 2025–26:

- As per SIAM data, domestic sales of Passenger Vehicles, Commercial Vehicles, Three-Wheelers and Two-Wheelers reached record levels of 46.43 lakh units, 10.80 lakh units, 8.36 lakh units and 217.06 lakh units respectively during FY 2025–26, reflecting strong growth across all major vehicle segments.

- Under the National Automotive Testing and R&D Infrastructure Project (NATRIP), advanced testing, homologation and validation facilities established at centres such as ICAT-Manesar and ARAI-Pune continued to support vehicle safety, emission compliance, research & development, and product testing requirements of the automotive industry.
- The Government continued to strengthen the electric mobility ecosystem through initiatives such as the PM E-DRIVE Scheme, FAME-II and localisation-focused policies aimed at promoting adoption of electric vehicles, development of charging infrastructure, and domestic manufacturing of EV components and advanced automotive technologies.
- Policy measures such as the Production Linked Incentive (PLI) Scheme for Automobile and Auto Components, Bharat NCAP, and various localisation initiatives continued to provide impetus to investments, technological advancement, and sustainable growth within the automotive sector during the year.

Road Ahead

The automotive and auto component industry is expected to continue benefiting from strong policy support, improving domestic demand, increasing localisation, and growing integration with global supply chains. The Government's continued focus on initiatives such as "Make in India", the Production Linked Incentive (PLI) Scheme for Automobile and Auto Components, PM E-DRIVE Scheme, vehicle scrappage policy, and localisation of advanced automotive technologies is expected to strengthen India's position as a global automotive manufacturing hub.

The industry is also witnessing significant transformation driven by rapid adoption of electric mobility, connected technologies, digitisation, and sustainable manufacturing practices. Increasing demand for electric vehicles, advanced electronics, battery systems, lightweight components, and safety technologies is expected to create new growth opportunities for auto component manufacturers. Industry participants are increasingly focusing on technology upgradation, product diversification, and research & development to align with evolving market requirements.

India continues to emerge as a preferred global sourcing destination under the "China+1" supply chain diversification strategy. According to a joint report by the Automotive

Component Manufacturers Association of India (ACMA) and McKinsey, India's auto component exports are projected to reach US\$ 70–100 billion by FY 2030, underpinned by the country's growing competitiveness in global supply chains. Export revenues, which stood at US\$ 21 billion in 2024, are expected to grow at a CAGR of approximately 30%, with key target markets spanning North America, Europe, and Latin America. Supported by this export-led momentum, India's overall auto component industry is poised to reach a market size of US\$ 200 billion by 2030.

The sector is also expected to witness substantial investments in advanced automotive technologies, EV components, electronics, battery manufacturing, and localisation initiatives over the coming years. Continued collaboration between the Government, industry bodies, OEMs, and component manufacturers is likely to support long-term sustainable growth and improve the global competitiveness of the Indian automotive industry.

Product Wise Performance

All products of the Company come under single primary business segment i.e. Shock Absorber. Its variants are Front Forks, Rear Cushions, Struts and Gas Spring/Rear Door Lifters etc. Therefore, requirement for analyzing segment-wise or product wise performance does not arise.

Outlook

The Indian auto component industry continued to demonstrate resilient growth during FY 2025–26, supported by strong domestic vehicle demand, increasing localisation, rising exports, and sustained policy support. According to the Automotive Component Manufacturers Association of India (ACMA), the industry recorded a turnover of ₹6.73 lakh crore (US\$ 80.2 billion) in FY 2024–25, registering a growth of 9.6% over the previous year and achieving a CAGR of 14% over FY20–FY25.

The automotive industry is presently undergoing a structural transformation driven by electrification, digitalisation, connected mobility, advanced electronics, and evolving regulatory standards relating to safety and emissions. As the industry gradually transitions towards electric and hybrid mobility solutions, auto component manufacturers are expected to increasingly align their product portfolios with emerging technologies and evolving customer requirements.

The shift towards electric mobility is expected to reduce dependence on certain conventional internal combustion engine (ICE)-related components over the medium to long term, particularly engine and transmission systems. Consequently, manufacturers are accelerating investments in EV-compatible components, battery management systems, power electronics, lightweight materials, telematics, and advanced safety technologies. The industry is also expected to witness consolidation and rationalisation across selected conventional product segments as technology adoption accelerates.

At the same time, rapid advancements in vehicle electrification, autonomous technologies, software integration, and connected vehicle architecture are expected to create significant opportunities for technologically advanced and value-added automotive components. Government initiatives such as the Production Linked Incentive (PLI) Scheme for Automobile and Auto Components, PM E-DRIVE Scheme, Bharat NCAP, vehicle scrappage policy, and localisation programmes are expected to further strengthen the domestic manufacturing ecosystem and support investments in next-generation automotive technologies.

India also continues to strengthen its position within global automotive supply chains under the "China+1" sourcing strategy. During FY 2024-25, auto component exports increased by 8% to US\$ 22.9 billion, while the industry reported a trade surplus of US\$ 453 million for the second consecutive year, reflecting improving global competitiveness of Indian manufacturers.

Going forward, increasing focus on sustainability, localisation, premiumisation, and advanced mobility solutions is expected to accelerate the adoption of higher-value automotive components and advanced electrical and electronic architectures across vehicle categories. Continuous investment in technology, innovation, research & development, and supply chain resilience will remain critical for long-term growth and competitiveness of the Indian auto component industry.

Risks and Concerns

Risk management continues to remain an integral part of the Company's overall business strategy and governance framework. The Company has established a comprehensive risk management mechanism for identification, assessment, monitoring, and mitigation of strategic, operational,

financial, technological, and regulatory risks that may impact its business operations and long-term sustainability. The automotive industry continues to operate in a dynamic environment influenced by changing mobility trends, increasing electrification, and evolving regulatory requirements.

One of the key challenges for the industry continues to be the accelerated transition towards electric mobility and advanced automotive technologies. Increasing adoption of electric vehicles is expected to gradually alter demand patterns for conventional internal combustion engine (ICE)-related components, particularly engine and transmission systems, thereby requiring substantial investments in technology upgradation, product diversification, localisation, and research & development.

The industry also faces risks arising from volatility in raw material prices, supply chain disruptions, semiconductor availability, logistics constraints, fluctuations in foreign exchange rates, inflationary pressures, and rising energy and transportation costs. Further, implementation of stricter emission norms, Bharat NCAP safety regulations, and evolving environmental compliance requirements may lead to higher capital expenditure and operational costs for automotive manufacturers and component suppliers.

To remain future-ready, the industry would continue to focus on the following key areas:

- Investment in advanced technologies, research & development, and product innovation through strategic alliances, technical collaborations, and joint ventures;
- Expansion of EV-compatible product portfolios including electronics, battery systems, lightweight components, telematics, and advanced safety technologies;
- Strengthening localisation and supply chain resilience to reduce dependence on imports and global supply disruptions;
- Skill development initiatives through industry-academia partnerships, training programmes, and workforce reskilling to address evolving technological requirements;
- Enhancing manufacturing flexibility, operational efficiency, quality systems, and digital integration to meet changing customer and regulatory expectations;

- Managing risks associated with changing consumer preferences, financing costs, fuel prices, and overall macroeconomic conditions.

The Company continues to undertake appropriate measures to mitigate the impact of these risks through cost optimisation initiatives, liquidity management, vendor diversification, supply chain monitoring, operational efficiency enhancement, and continuous review of business processes. The Company has a well-defined Risk Management Policy supported by an established governance framework under which risks are periodically reviewed by the management and the Risk Management Committee to strengthen overall business resilience and sustainability.

Internal Control System and its Adequacy

The Company has established adequate internal control systems commensurate with the nature, size, and complexity of its operations. The Company continues to operate on an integrated SAP ERP platform and successfully upgraded to SAP S/4 HANA with effect from January 2026 to enhance operational efficiency, reporting capabilities, and process controls. Financial powers across various management levels are clearly defined through an established delegation matrix. The effectiveness of internal controls is regularly reviewed through internal audits, statutory audits, and management reviews. The Company has appointed an independent firm of Chartered Accountants to conduct internal audits covering internal financial controls, operational processes, GST and TDS compliances, and other risk-based areas. The Internal Auditor reports directly to the Audit Committee, which periodically reviews the adequacy and effectiveness of the internal control environment, audit observations, and implementation status of corrective actions and recommendations.

Discussion on financial performance with respect to operational performance

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles

generally accepted in India. The financials have been prepared considering the above requirements of applicable laws.

The Company has achieved turnover (net of GST) of ₹ 1,31,542.15 lakhs as against ₹ 1,25,044.73 lakhs during the previous year. The profit before tax was ₹ 2,957.75 lakhs as against ₹ 3,516.45 lakhs of previous year. The decrease in profit before tax was 15.89 percent and profit after tax was decrease by 23.63 percent at 2,155.15 lakhs as against 2,822.09 lakhs in the previous year.

Key financial Ratios:

Ratio	2025-26	2024-25	Change %	Reason for Variance above 25%
Net capital turnover Ratio	2.81	2.81	0	
Net profit Ratio	0.017	0.023	-28	Refer note (i) below
Return on capital employed	4.73	5.27	-10	
Debtor Turnover Ratio	6.54	7.12	-8	
Inventory Turnover Ratio	16.39	16.66	-2	
Interest Coverage Ratio	0.00	0.00	0	
Current Ratio	3.72	4.25	-13	
Debt to Equity Ratio	0.00	0.00	0	
Return on Equity Ratio	0.03	0.04	-25	
Trade payables turnover Ratio	7.39	8.28	-11	

- Net Profit Ratio recorded during the year is lower as compared to the previous year due to decrease in other income.
- Since the Company does not have any outstanding debt/borrowing as on March 31, 2026 and March 31, 2025, debt equity ratio and debt service coverage ratio are not applicable.

Material Development in Human Resources/Industrial Relations, including number of people employed

The strategic purpose of Human Resources is to be a catalyst and change agent for creating the Human Capital transformation required to ensure sustained business outperformance, while simultaneously addressing the needs of its multiple stakeholders (starting with customers

and employees) and strengthening the core values of the Company. In the long run, the ultimate metric for success is continuous improvement in the total factor productivity, while addressing the business imperatives of cash, cost, competence and confidence. The emphasis has been on aligning all the HR levers towards achieving these goals.

Focus continued to be on the Talent Management and Leadership Development processes which included Development Centers, Individual Development Planning, e-learning, up-skilling programs, Leadership Lifecycle programs and Action-Learning Projects etc.

The Company's strength of employees stood at 2299 as on March 31, 2026.

Cautionary Statement

Certain statements in the Management Discussion and Analysis Report describing the Company's objectives, projections, estimates, expectations or predictions may be "forward looking statements" within the meaning of applicable securities laws and regulations. Actual results could differ from those expressed or implied. Important factors that could make a difference to the Company's operations include raw material availability and prices, cyclical demand and pricing in the markets, exchange rate variations, global economic, social & demographic factors, changes in Government regulations, tax regimes, economic developments within India and the countries in which the Company conducts business and other incidental factors.

ANNEXURE-B TO THE BOARD'S REPORT

Corporate Governance Report

I. REPORT ON CORPORATE GOVERNANCE

The Directors have pleasure in presenting the Corporate Governance Report of Munjal Showa Limited ("the Company") for the year ended March 31, 2026.

Company's Philosophy on Corporate Governance

Corporate Governance is about commitment to values and ethical business conduct. We look upon good Corporate Governance practices as a key driver of sustainable corporate growth and long-term shareholders value creation. Good Corporate Governance is about enhancing value for all our stakeholders. The Company is committed to adopt best practices in Corporate Governance and disclosures thereunder. This includes its corporate structures, its culture, policies and the manner in which it deals with its various stakeholders. Timely and accurate disclosure of information regarding the financial situation, performance, ownership and governance of the Company are an important part of Corporate Governance.

The Company believes that sound Corporate Governance is critical to enhance and retain investors' trust. This is demonstrated in shareholder returns, high credit ratings, governance processes and an entrepreneurial, performance focused work environment. Our customers have benefited from high quality products delivered at the most competitive prices. The basic ingredients of corporate governance require professionals to raise their competency and capability levels to meet the expectations in managing the enterprise and its resources effectively with the highest standards of ethics.

Governance Structure

Munjal Showa Limited's governance structure broadly comprises the Board of Directors, Key Managerial Personnel and the Committees of the Board at the apex level and the Management structure at the operational level. The layered structure brings about a harmonious

blend in governance as the Board sets the overall corporate objectives and gives direction and freedom to the Management to achieve these corporate objectives within a given framework, thereby bringing about an enabling environment for value creation through sustainable profitable growth. This attitude of Munjal Showa Limited has strengthened the bond of trust with its stakeholders including the society at large.

II. BOARD OF DIRECTORS

A. Composition of Board

The Board plays a pivotal role in ensuring that the Company runs on sound and ethical business practices and that its resources are utilized for creating sustainable growth and societal wealth. The Board operates within the framework of a well-defined responsibility matrix which enables it to discharge its fiduciary duties of safeguarding the interests of the Company, ensuring fairness in the decision-making process, integrity and transparency in the Company's dealing with its members and other stakeholders.

As on March 31, 2026, the Board of Directors of the Company consists of Eight (8) Directors including 2 (Two) Executive Directors; 2 (Two) Non-Executive Non-Independent Directors and 4 (Four) Non-Executive Independent Directors. Our responsibility is to express an opinion on the compliance with the applicable laws and maintenance of records by the Company. We conducted our audit in accordance with the auditing standards CSAS 1 to CSAS 4 ("**CSAS**") prescribed by the Institute of Company Secretaries of India ("**ICSI**"). These standards require that the auditor complies with statutory and regulatory requirements and plans and performs the audit to obtain reasonable assurance about compliance with applicable laws and maintenance of records.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the Financial Year ended

on **March 31, 2026**, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on **March 31, 2026**, according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings; (**Not applicable to the Company during the audit period**)
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'): -
 - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - c) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015;

- d) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018; **(Not applicable to the Company during the audit period)**
 - e) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021; **(Not applicable to the Company during the audit period)**
 - f) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021; **(Not applicable to the Company during the audit period);**
 - g) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client; **(Not applicable as the Company is not registered as Registrar to an Issue and Share Transfer Agent).**
 - h) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; **(Not applicable to the Company during the audit period);**
 - i) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; **(Not applicable to the Company during the audit period);** and
 - j) Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018 **(applicable to the Company to the extent of Compliance of Regulation 76)**
- (vi) The management has confirmed and certified that, given the Company's line of industry business and operational sectors, there are no specific sectoral laws applicable to the Company:

The compliance by the Company of applicable financial laws, like direct and indirect tax laws, has not been reviewed in this audit since the same have been subject to review by the statutory auditor(s) and other designated professionals.

We have also examined compliance with the applicable clauses of the following:

- i. Secretarial Standards issued by the Institute of Company Secretaries of India (ICSI).

- ii. The Listing Agreements entered into by the Company with National Stock Exchange of India Limited and BSE Limited.;

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards etc. mentioned above subject to the following observations:

1. *The Company falls under the category of top 2000 listed entities pursuant to Regulation 3(2) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and consequent upon the resignation of Mr. Kazuhiro Nishioka (DIN: 00602255) from the position of Non-Executive-Non-Independent Director, the Company did not have minimum number of Six (6) Directors as prescribed in Regulation 17(1)(c) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 from April 08, 2025 till May 26, 2025.*
2. *There was an instance of a delayed submission under Regulation 30 read with Schedule III of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Master circular issued by Securities and Exchange Board of India (SEBI) on November 11, 2024 read with circular dated December 31, 2024 and Industry Standards Note on Regulation 30 of the LODR Regulations, concerning outcome of the Board Meeting held on May 26, 2025 with National Stock Exchange of India Limited (NSE) by about 3 hours 58 minutes.*
3. *The Company has in place a Structured Digital Database (SDD) pursuant to the requirements of Regulation 3(5) & 3(6) of the SEBI (Prohibition of Insider Trading) Regulations, 2015. However, during the course of our review, it was observed that some instances relating to sharing of Unpublished Price Sensitive Information (UPSI) were not fully captured in the SDD maintained by the Company. The management has represented that necessary steps are being undertaken to further strengthen the process and controls for comprehensive recording and monitoring of UPSI sharing in the SDD.*
4. *The Company in adherence to the provisions of the Companies Act, 2013 and rules made thereunder, along with Rule 7(2A) & (2B) of the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and*

Refund) Rules, 2016, had duly approved the appointment of Mr. Pankaj Gupta (CFO) as the Nodal Officer of the Company. However, the statutory filing of e-Form IEPF-2 being e-Form for filing details of Nodal Officer was submitted/ filed beyond the prescribed timeframe. Based on the records and information/explanation/justification furnished before us by the company the delay was technical in nature and occurred due to technical glitches on the Ministry of Corporate Affairs (MCA) portal.

5. *The company's adherence to the Secretarial Standards prescribed by the Institute of Company Secretaries of India (ICSI) relating to the Board, General and Committee Meeting(s) including the Notice, Agenda and maintenance of the Minute Book for Board, General and Committee meeting(s) was observed to be satisfactory. The company to endeavour adherence with the applicable Secretarial Standards (SS) issued by the ICSI in respect circulation of Minutes of the meetings of the Board of Directors and its Committee(s).*

We further report that:

1. The Board of Directors of the Company is duly constituted with proper balance of Executive Director(s), Non-executive Director(s), Independent Director(s) and Woman Director(s) except as mentioned in para 1. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act except as mentioned in para 1.
2. Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were generally sent at least 07 days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.
3. All decisions at Board Meetings and Committee Meetings are carried out unanimously as recorded in the minutes of the meetings of the Board of Directors or Committee of the Board, as the case may be and the abstain notes, if any, due to conflict of interest or otherwise have been duly recorded in the Minutes Book.
4. Based on the review of the compliance mechanism

established by the company and on the basis of compliance certificate(s) issued by various departments/KMP's, and taken on record by the Board of Directors at their meeting(s), we are of the opinion that company should make efforts to strengthen its system and processes in the Company to be commensurate with its size and operations, to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period, the Company had following specific events/actions that had a major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards, etc.

1. The Company, pursuant to letter No. SRN-AB0120636/2024-CL-VII dated February 09, 2026 issued by the Ministry of Corporate Affairs (MCA), was advised to obtain an Adjudication Order from the concerned Registrar of Companies (ROC) in relation to the non-compliance of Rule 7(3) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, pertaining to the filing of E-form MR-2 for appointment of Mr. Hitoshi Fukagawa (DIN: 10611378) as Joint Managing Director of the Company. In compliance with the aforesaid direction, the Company filed e-Form GNL-1 for adjudication under SRN AC2385864 dated February 20, 2026.

The Registrar of Companies, Haryana ("ROC") issued a Show Cause Notice dated May 05, 2026 to the Company and its Officers in default in relation to the concerned compliance matter and subsequently, the ROC passed an Adjudication Order dated May 21, 2026 under Section 454 of the Companies Act, 2013, imposing a penalty of INR 16,000 each on the Company and the Officers in default.

Auditor’s responsibility

Our responsibility is to express an opinion on the compliance with the applicable laws and maintenance of records by the Company. We conducted our audit in accordance with the auditing standards CSAS 1 to CSAS 4 (“**CSAS**”) prescribed by the Institute of Company Secretaries of India (“**ICSI**”). These standards require that the auditor complies with statutory and regulatory requirements and plans and performs the audit to obtain reasonable assurance about compliance with applicable laws and maintenance of records.

Due to the inherent limitations of an audit including internal, financial and operating controls, there is an unavoidable risk that some misstatements or material non-compliances may not be detected, even though the audit is properly planned and performed in accordance with the CSAS. Our report of even date is to be read along with this letter.

1. Maintenance of secretarial records is the responsibility of the management of the Company. Our responsibility is to express an opinion on these secretarial records based on our audit. We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial records. The verification was done on the random test basis to ensure that correct facts are reflected in secretarial records. We believe that the processes and practices, we followed provide a reasonable basis for our opinion.
2. We have not verified the correctness and appropriateness of financial records and Books of Accounts of the company and for which we relied on the report of statutory auditor.
3. Wherever required, we have obtained the Management representation about the compliance of laws, rules and regulations and happening of events etc.
4. The compliance of the provisions of Corporate and other applicable laws, rules, regulations, standards is the responsibility of management. Our examination was limited to the verification of procedures on random test basis.
5. The Secretarial Audit report is neither an assurance as to the future viability of the company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

Independent Auditor's Report

To the members of Munjal Showa Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **Munjal Showa Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2026, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year ended on that date, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, and its profit, other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of

the financial statements of the current period. We have determined that there are no key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Board's Report including Annexures thereto, Corporate Governance, Management Discussion and Analysis, and Shareholder's Information, but does not include the financial statements, and our auditor's report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India including Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of

adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference

to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except for not complying with the requirement of audit trail as stated in (h)(vi) below.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on March 31, 2026 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164(2) of the Act.
- f) The modification relating to the maintenance of accounts and other matters connected therewith, is as stated in paragraph (b) above.
- g) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial statements.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended,

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and

Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements - Refer Note 30(b) to the financial statements.
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses - Refer Note 44 to the financial statements.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company - Refer Note 46 to the financial statements.
- iv. (a) The Management has represented that, to the best of its knowledge and belief, as disclosed in the note 40(e) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (b) The Management has represented, that, to the best of its knowledge and belief, as disclosed in the note 40(f) to the financial statements, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on

behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with section 123 of the Act, as applicable.

As stated in note 13 to the financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. Such dividend proposed is in accordance with section 123 of the Act, as applicable.

- vi. Based on our examination, which included test checks, the Company has used certain accounting software for maintaining its books of account for the year ended March 31, 2026 wherein in respect of an accounting software used by the company for the period April 1, 2025 to December 31, 2025, audit trail (edit log) feature was enabled and operated throughout the period for all relevant transactions recorded in the software except that audit trail (edit log) feature was not enabled at database level. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with, in respect of this accounting software for the period for which the audit trail feature was operating.

The Company migrated its accounting software w.e.f. January 1, 2026, wherein audit trail (edit log) feature was enabled and operated from January 1, 2026 to March 31, 2026 for all relevant transactions recorded in the software at applicable level. Further, during the course of our audit, we did not

come across any instance of audit trail feature being tampered with, in respect of this accounting software for the period for which the audit trail feature was operating. Also, in respect of database which is maintained by third party service provider, in the absence of independent auditor's report covering the audit trail requirement, we are unable to comment whether audit trail feature of the said software was enabled and operated throughout the year or whether there were any instances of the audit trail feature being tampered with or whether the audit trail has been preserved by the Company as per the statutory requirements for record retention.

In respect of another accounting software operated by third party software service providers, for maintaining and processing certain transactions, used by the Company from January 1, 2026 to March 31, 2026, based on an independent auditor's report which covers the requirements of audit trail, the Company has used an accounting software for maintaining and processing certain transactions which has a feature of recording audit trail (edit log) facility and the same has operated during the period January 1, 2026 to March 31, 2026. No instance of audit trail feature being tampered with has been reported in such independent auditor's report for the aforesaid period.

Additionally, the audit trail that was enabled and operated till March 31, 2025, has been preserved by the Company as per the statutory requirements for record retention.

Refer Note 45 to the financial statements.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure A to the Independent Auditor's Report

(Referred to in paragraph 1(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Munjal Showa Limited ("the Company") as at March 31, 2026 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's management and Board of Directors are responsible for establishing and maintaining internal financial controls with reference to financial statements based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and

perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only

in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding

prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2026, based on internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Annexure B to the Independent Auditor's Report

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i) (a) A. The Company has maintained proper records showing full particulars, including quantitative details and situation of the Property, plant and equipment and capital work-in-progress.
- B. The Company is maintaining proper records showing full particulars of intangible assets.
- (b) The Company has a program of verification of property, plant and equipment, so to cover all the items once every three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, no such assets were due for physical verification during the year. Since no physical verification of property, plant and equipment was due during the year the question of reporting on material discrepancies noted on verification does not arise.
- (c) With respect to immovable properties disclosed in the financial statements included in property, plant and equipment, according to the information and explanations given to us and based on the examination of the registered sale deed and conveyance deed provided to us, we report that, the title deeds of such immovable properties are held in the name of the Company as at the balance sheet date, except for the following:

Description of Property	Gross Carrying Value as at Balance Sheet Date	Held in the name of	Whether promoter, director or their relative or employee	Period held since	Reason for not being held in name of Company
	(₹ in Lakhs)				
Freehold land located at Manesar admeasuring 59,273 Sq. Meter	2,377.36	Haryana State Industrial and Infrastructure Development Corporation ('HSIIDC')	No	April 25, 2003	Registration is pending on account of some portion of land not being acquired by HSIIDC.

- (d) The Company has not revalued any of its property, plant and equipment and intangible assets during the year.
- (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2026 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii) (a) The inventories except for goods-in-transit and stocks held with third parties, were physically verified during the year by the Management at reasonable intervals. In our opinion and based on information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. For stocks held with third parties at the year-end, written confirmations have been obtained in most of the cases and in respect of goods in transit, the goods have been received subsequent to the year end in most of the cases. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories, when compared with the books of account.

- (b) According to the information and explanations given to us, the Company has been sanctioned working capital limit in excess of ₹ 5 crores, in aggregate, at points of time during the year, from banks on the basis of security of current assets. In our opinion and according to the information and explanations given to us, the revised returns or revised statements submitted for each quarter comprising stock statements, creditor statements, trade receivables statements including ageing analysis of the receivables upto 3 months, and other stipulated financial information filed by the Company till the date of this report are in agreement with the unaudited books of account of the Company of the respective quarters.
- (iii) The Company has made investments in mutual funds, debentures, bonds and alternate investment funds and granted unsecured loans and advance in the nature of loan, to companies, firm and employees, during the year, in respect of which:
- a) The Company has granted loans and advance in the nature of loan during the year and details of which are given below:

(₹ Lakhs)

	Loans
A. Aggregate amount granted / provided during the year:	
- Loan to Employees	281.05
- Loan to Vendors	1325.00
B. Balance outstanding as at balance sheet date in respect of above cases:	
- Loan to Employees	304.94
- Loan to Vendors	120.32

- b) The investments made and the terms and conditions of the grant of all the above-mentioned loans and advance in the nature of loan, during the year are, in our opinion, *prima facie*, not prejudicial to the Company's interest.
- c) In respect of loans granted or advance in the nature of loan provided by the Company, the schedule of repayment of principal and payment of interest has been stipulated and the repayments of principal amounts and receipts of interest are regular as per stipulation.
- d) According to information and explanations given to us and based on the audit procedures performed, in respect of loans granted by the Company, there is no overdue amount remaining outstanding as at the balance sheet date.
- e) No loan or advance in the nature of loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.
- f) According to information and explanations given to us and based on the audit procedures performed, the Company has not granted any loans or advance in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under clause (iii)(f) is not applicable.
- The Company has not provided any guarantee or security to companies, firms, Limited Liability Partnerships or any other parties during the year. The Company has not made investments in companies, firms, or Limited Liability Partnerships and has not granted any loans, secured or unsecured, to Limited Liability Partnerships during the year.
- (iv) The Company has complied with the provisions of 186 of the Companies Act, 2013, in respect of investments made. Further, the Company has not granted loans or provided guarantees or securities that are covered under the provisions of sections 185 or 186 of the Companies Act, 2013.
- (v) According to information and explanations given to us, the Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause (v) of the Order is not applicable.

(vi) The maintenance of cost records has not been specified for the activities of the Company by the Central Government under section 148(1) of the Companies Act, 2013.

(vii) In respect of statutory dues:

- (a) Undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Customs, cess and other material statutory dues applicable to the Company have been regularly deposited by it with the appropriate authorities in all cases during the year.

Based on the operations of the Company, Sales Tax, Service Tax, duty of Excise, and Value Added Tax are not applicable to the Company during the year.

There were no undisputed amounts payable in respect of Goods and Services tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Customs, cess and other material statutory dues in arrears as at March 31, 2026 for a period of more than six months from the date they became payable.

- (b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2026 on account of disputes are given below:

* Amount as per demand orders including interest and penalty wherever quantified in the Order.

Excludes amount with respect to disputed dues, fully paid/adjusted by concerned authorities under protest for disputed matters amounting to ₹ 4,093.01 lakhs.

- (viii) According to information and explanations given to us, there were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.
- (ix) a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.
- b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- c) The Company has not taken any term loan during the year and there are no unutilised term loans at the beginning of the year and hence, reporting under clause (ix)(c) of the Order is not applicable.
- d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- e) -
- f) The Company did not have any subsidiary or associate or joint venture during the year and hence, reporting under clause (ix)(e)-(f) of the Order is not applicable.
- (x) (a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable to the Company.
- (xi) (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year and upto the date of this report.
- (xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- (xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- (xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports issued to the Company during the year and covering the period upto March 31, 2026, and the internal audit reports issued after the balance sheet date covering the period October 01, 2025 to March 31, 2026 for the period under audit.
- (xv) In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b) and (c) of the Order is not applicable.

The Group does not have any CIC as part of the group and accordingly reporting under clause (xvi)(d) of the Order is not applicable.

(xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors of the Company during the year.

(xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there is no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause (xx) of the Order is not applicable for the year.

i) Basis of preparation of financial statements

a) Statement of compliance

The financial statements have been prepared in accordance with the Indian Accounting Standards ("Ind AS") notified under section 133 of the Companies Act, 2013 ("the Act") read with the relevant rules issued thereunder and other accounting principles generally accepted in India.

b) Accounting convention

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

c) Operating cycle

Based on the nature of products/ activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

ii) Foreign currencies

Functional and presentational currency

The Company's financial statements are presented in Indian Rupees (INR or ₹) which is also the Company's functional currency. Functional currency is the currency of the primary economic environment in which an entity operates and is normally the currency in which the entity primarily generates and expends cash. All the financial information presented in INR has been rounded to the nearest lakhs (INR 00,000), except when otherwise stated.

Notes forming part of the financial statements for the year ended March 31, 2026

Transactions and Balances

Transactions in foreign currencies are initially recorded by the Company at the functional currency spot rates at the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in the Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or the Statement of Profit and Loss are also recognised in OCI or the Statement of Profit and Loss, respectively).

iii) Fair value measurement

The Company measures certain financial instruments at fair value at each balance sheet date. Fair value is the price that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

Notes forming part of the financial statements for the year ended March 31, 2026

iv) Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash in hand & cash at banks and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents, as defined above, net of outstanding bank overdrafts are considered an integral part of the Company's cash management.

v) Cash flow statement

Cash flows are reported using the indirect method, whereby profit/(loss) for the year is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

vi) Revenue recognition

Sales are recognized, at transaction price as per terms of agreements with the customers, net of returns and other variable consideration on account of discounts, if any, on satisfaction of performance obligation by transfer of effective control of the promised goods to the customers, which generally coincides with dispatch/ delivery to customers, as applicable. Sales excludes goods and services tax.

The Company recognises revenue when the amount of revenue and its related cost can be reliably measured and it is probable that future economic benefits will flow to the entity and degree of managerial involvement associated with ownership or effective control have been met for each of the Company's activities as described below. The Company bases its estimates on historical results, taking into consideration the type of customer, the type of transactions and the specifics of each arrangement.

Sale of goods

Revenue is recognized for domestic and export sales of goods on satisfaction of performance obligation by transfer of effective control of the promised goods to the customers as per terms of agreements with the customers.

Contract modification:

Contract modification is a change in the scope or price (or both) of a contract that is approved by the parties to the contract. Contract modification are accounted based on the prospective accounting and cumulative catch up. The Company accounts for a modification as a separate contract, if both the scope increases due to the addition of 'distinct' goods or services and the price increase reflects the goods' or services' stand-alone selling prices under the circumstances of the modified contract.

Interest income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on, time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

vii) Inventories

Inventories comprise raw materials, components, work-in-progress, finished goods, and stores and spares which are carried at lower of cost or net realizable value, while scrap is carried at its realizable value.

Notes forming part of the financial statements for the year ended March 31, 2026

Cost of inventories comprise all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost of inventories, other than finished goods and work-in-progress, is determined on a moving weighted average basis. Cost of finished goods and work-in-progress include the cost of materials determined on a moving weighted average basis and an appropriate portion of fixed overheads based on normal capacity and variable overheads based on actual capacity.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale. The net realisable value of work-in-progress is determined with reference to the selling prices of related finished products. Raw materials and other supplies held for use in the production of finished products are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realisable value. The comparison of cost and net realisable value is made on an item-by item basis.

viii) Property, plant and equipment

Recognition and Measurement

Items of Property, plant and equipment (including furniture, fixtures, vehicles, etc.) held for use in the production or supply of goods or services, or for administrative purposes are measured at cost of acquisition less accumulated depreciation and/or accumulated impairment loss, if any. Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost comprises purchase price, non-refundable taxes, duties or levies, any other directly attributable cost of bringing the asset to its working condition for its intended use and the estimated costs of dismantling and removing the items and restoring the site on which they are located. Any trade discounts and rebates are deducted in arriving at the purchase price.

An item of property, plant and equipment and any significant part initially recognised is de-recognised upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Subsequent Costs

The cost of replacing a part of an item of property, plant and equipment is recognised in the carrying amount of the item of property, plant and equipment, if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably with the carrying amount of the replaced part getting de-recognised. The cost for day-to-day servicing of property, plant and equipment are recognised in Statement of Profit and Loss as and when incurred.

Depreciation

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Depreciation on property, plant and equipment is charged on a pro-rata basis at the straight-line method over estimated useful lives of its property, plant and equipment which is generally in line with that provided in Part C of Schedule II to the Act.

Notes forming part of the financial statements for the year ended March 31, 2026

The identified components are depreciated separately over their useful lives; the remaining components are depreciated over the life of the principal asset. The Company has used the following rates to provide depreciation on its property, plant and equipment.

S. No.	Assets	Useful lives estimated by the management (years)
(i)	Factory Buildings	30
(ii)	Plant and machinery	2 to 25
(iii)	Furniture and fixtures	10
(iv)	Office equipment	5
(v)	Computers- Servers & networks	6
(vi)	Computers- End user devices	3
(vii)	Vehicles	6

The management has estimated, supported by independent assessment by technical experts, professionals, the useful lives of the following classes of assets:

- The useful lives of certain plant and equipment is estimated as ranging between 2 to 25 years, which is lower than those indicated in schedule II
- Vehicles are depreciated over the estimated useful lives of 6 years, which is lower than those indicated in schedule II.

Depreciation methods, useful lives and residual values are reviewed at each financial year end and adjusted prospectively, if appropriate.

ix) Intangible assets

Recognition and Measurement

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles, excluding capitalised development cost, are not capitalised and the related expenditure is reflected in the Statement of Profit and Loss in the period in which the expenditure is incurred.

Amortisation and Useful lives

Intangible assets with finite lives are amortised over the useful life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the Statement of Profit and Loss unless such expenditure forms part of carrying value of another asset. Amortisation is calculated over the cost of the asset, or other amount substituted for cost, less its residual value.

Amounts paid towards acquisition of designs and drawings is amortised on straight line basis over the period of expected future sales from the related product, which the management has determined to be 24 months based on past trends. Amortisation shall begin when the asset is available for use, i.e., when it is in the location and condition necessary for it to be capable of operating in a manner intended by management.

Notes forming part of the financial statements for the year ended March 31, 2026

Costs relating to software, which are acquired, are capitalised and amortised on a straight line basis over the management's estimated useful life of 48 months.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss within other income/other expenditure when the asset is de-recognised.

Research and development costs

Research costs are expensed as incurred. Development expenditures on an individual project are recognised as an intangible asset when the Company can demonstrate:

- The technical feasibility of completing the intangible asset so that the asset will be available for use or sale;
- Its intention to complete and its ability to use or sell the asset;
- How the asset will generate future economic benefits;
- The availability of resources to complete the asset;
- The ability to measure reliably the expenditure during development.

Following initial recognition of the development expenditure as an asset, the asset is carried at cost *less* any accumulated amortisation and accumulated impairment losses. Amortisation of the asset begins when development is complete and the asset is available for use. It is amortised over the period of expected future benefit. Amortisation expense is recognised in the Statement of Profit and Loss unless such expenditure forms part of carrying value of another asset. During the period of development, the asset is tested for impairment annually.

x) Borrowing cost

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

xi) Leases

Leases are recognized as a right-to-use assets and corresponding liability at the date at which the leased asset is available for use by the Company. The Company currently has only short-term leases and leases of low- value assets, which are accounted for as under.

Short-term leases and leases of low-value assets

Short term leases are leases with a term of twelve months or less. For short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

xii) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Notes forming part of the financial statements for the year ended March 31, 2026

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources would be required to settle the obligation, the provision is reversed.

Warranties

The estimated liability for product warranties is recorded when products are sold. These estimates are established using historical information on the nature, frequency and average cost of warranty claims and management estimates regarding possible future incidence based on corrective actions on product failures. The timing of outflows will vary as and when warranty claim will arise- being typically two to five years. The estimate of such warranty-related costs is revised annually.

xiii) Contingent liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

xiv) Contingent assets

Contingent assets are disclosed in the financial statements only when an inflow of economic benefits is probable.

xv) Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

a) Financial assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income ("FVTOCI") (except for debt instruments that are designated as at fair value through profit or loss on initial recognition): the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and the contractual terms of the instrument

Notes forming part of the financial statements for the year ended March 31, 2026

give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognised in profit or loss for FVTOCI debt instruments.

All other financial assets are subsequently measured at fair value.

Trade receivables that do not contain a significant financing component are measured at transaction price.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in the Statement of Profit and Loss and is included in the "Other income" line item.

Financial assets at fair value through profit or loss (FVTPL)

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognised in the Statement of Profit and Loss. The net gain or loss recognised in Statement of Profit and Loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights.

Notes forming part of the financial statements for the year ended March 31, 2026

De-recognition of financial assets

The Company de-recognises a financial asset when the contractual rights to the cash flows from the asset expires, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

b) Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by Company are classified as either financial liabilities or as' equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Financial liabilities

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' Line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability.

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

De-recognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

c) Derivative financial instruments

The Company enters into a variety of derivative financial instruments to manage its exposure to foreign exchange rate risks, including foreign exchange forward contracts, option contracts, etc.

Embedded derivatives

Derivatives embedded in non-derivative host contracts that are not financial assets within the scope of Ind AS 109 are treated as separate derivatives when their risks and characteristics are not closely related to those of the host contracts and the host contracts are not measured at FVTPL.

xvi) Equity share capital

Equity shares are classified as equity. Incremental costs directly attributable to the issuance of new shares are recognised as a deduction from equity, net of any tax effects.

Notes forming part of the financial statements for the year ended March 31, 2026

xvii) Impairment of non-financial assets

The carrying amounts of the Company's non-financial assets, other than deferred tax assets, are reviewed at the end of each reporting period to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

The recoverable amount of an asset or cash-generating unit ('CGU') is the greater of its value in use or its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or group of assets ('CGU').

The Company's corporate assets do not generate separate cash inflows. If there is an indication that a corporate asset may be impaired, then the recoverable amount is determined for the CGU to which the corporate asset belongs.

An impairment loss is recognised, if the carrying amount of an asset or its cash-generating unit exceeds its estimated recoverable amount and are recognised in Statement of Profit and Loss. Impairment losses recognised in respect of cash-generating units are allocated first to reduce the carrying amount of goodwill, if any, allocated to the units and then to reduce the carrying amounts of the other assets in the unit on a pro rata basis.

Impairment losses recognised in prior periods are assessed at end of each reporting period for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

xviii) Employee benefits

Short Term Employee benefits

All employee benefits expected to be settled wholly within twelve months of rendering the service are classified as short-term employee benefits. When an employee has rendered service to the Company during an accounting period, the Company recognises the undiscounted amount of short-term employee benefits expected to be paid in exchange for that service as an expense unless another Ind AS requires or permits the inclusion of the benefits in the cost of an asset. Benefits such as salaries, wages and short-term compensated absences and bonus etc. are recognised in Statement of Profit and Loss in the period in which the employee renders the related service.

Defined Contribution Plan

Provident fund and superannuation fund

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and has no obligation to pay any further amounts. The Company makes specified monthly contributions towards provident fund and superannuation fund which are defined contribution plans. The Company has no obligation, other than the contribution payable to the funds. The Company recognises contribution payable to the fund in the Statement of Profit and Loss, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then

Notes forming part of the financial statements for the year ended March 31, 2026

excess is recognised as an asset to the extent that the prepayment will lead to, for example, a reduction in future payment or a cash refund.

Long term Employee benefits Defined Benefit Plan

Gratuity

The Company's gratuity benefit scheme is a defined benefit plan. The Company's net obligation in respect of defined benefit plan is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; this benefit is discounted to determine its present value. Any unrecognised past service costs and the fair value of any plan assets are deducted. The calculation of the Company's obligation under this plan is performed annually by a qualified actuary using the projected unit credit method.

Re-measurements comprising of actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

All other expenses related to defined benefit plans are recognised in the Statement of Profit and Loss as employee benefit expenses. Gains or losses on the curtailment or settlement of any defined benefit plan are recognised when the curtailment or settlement occurs. Curtailment gains and losses are accounted for as past service costs.

Compensated absences

The employees can carry forward a portion of the unutilized accrued compensated absences and utilise it in future service periods or receive cash compensation during termination of employment.

Compensated absence, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. The Company treats compensated absences expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the Statement of Profit and Loss.

xix) Taxes

Income tax expense represents the sum of the tax currently payable and deferred tax. Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit before tax'

as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally

Notes forming part of the financial statements for the year ended March 31, 2026

recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year

Current and deferred tax are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

xx) Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

When the Company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to the Statement of Profit and Loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset i.e. by equal annual instalments.

xxi) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

xxii) Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

xxiii) Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company accounting policies, which are described in note 2, the management of the Company are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based

Notes forming part of the financial statements for the year ended March 31, 2026

on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the areas of estimation uncertainty and critical judgements that the management has made in the process of applying the Company's accounting policies:

(a) Impairment of non-financial assets

The carrying amounts of the Company's non-financial assets, other than deferred tax assets, are reviewed at the end of each reporting period to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

The recoverable amount of an asset or cash-generating unit ('CGU') is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets ('CGU').

The Company's corporate assets do not generate separate cash inflows. If there is an indication that a corporate asset may be impaired, then the recoverable amount is determined for the CGU to which the corporate asset belongs.

(b) Useful life of depreciable assets

Management reviews the useful lives of depreciable assets at each reporting date. As at March 31, 2026 management assessed that the useful lives represent the expected utility of the assets to the Company. Further, there is no change in the useful lives as compared to previous year.

(c) Provisions and contingent liabilities

On an ongoing basis, the Company reviews pending cases, claims by third parties and other contingencies. For contingent losses that are considered probable, an estimated loss is recorded as an accrual in financial statements. Loss contingencies that are considered possible are not provided for but disclosed as Contingent liabilities in the financial statements. Contingencies the likelihood of which is remote are not disclosed in the financial statements.

(d) Estimation of defined employee benefits

The present value of the gratuity and compensated absence obligations are determined using actuarial valuation. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operating in India, the management considers the interest rates of government bonds in currencies

Notes forming part of the financial statements for the year ended March 31, 2026

consistent with the currencies of the post-employment benefit obligation. The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

Further details about gratuity obligations are given in Note 28.

(e) Provision for warranty

A provision is recognised for expected warranty claims on products sold during the latest five years (including current year) as per warranty period on respective models, based on past experience of level of repairs and returns. Assumption used to calculate the provision for warranties are based on current sales level and current information available about past returns based on the warranty period for all products sold.

3. APPLICABILITY OF NEW AND REVISED IND AS

New standards, interpretations and amendments adopted by the Company Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

In May 2025, MCA notified amendments to Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, applicable w.e.f. April 1, 2025. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

In August 2025, MCA notified the following amendments to:

Ind AS 1, Presentation of Financial Statements, applicable w.e.f. April 1, 2025 – The amendment relates to classification of liabilities as current or non-current and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants. The Company has no impact of these amendments in its classification criteria of current and non-current liabilities.

Ind AS 7, Statement of Cash Flows and Ind AS 107, Financial Instruments: Disclosures, applicable w.e.f. April 1, 2025 – The amendment in Ind AS 7 requires to inform users of financial statements of the existence of supplier finance arrangements and explain the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates. Ind AS 107 has been amended to add supplier finance arrangements as a factor that may cause concentration of liquidity risk. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any impact in its financial statements.

Ind AS 12, International Tax Reform – Pillar Two Model Rules applicable immediately - The amendments provide a temporary mandatory relief from deferred tax accounting for top-up tax and require companies to disclose that they have applied the relief. This relief is immediate and applies retrospectively. The amendments also require companies to provide new disclosures to compensate for potential loss of information resulting from the relief. Such disclosures are to be provided for annual reporting periods beginning on or after April 1, 2025. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any impact in its financial statements.

Standards notified but not yet effective:

There are no standards that are notified and not yet effective as on the date.

Defined Benefit Plans - General Description

Gratuity:

The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the Act, employees who have completed five years of service are entitled to specific benefit. The level of benefit provided depends on the member's length of service, salary and retirement age. The employee is entitled to a benefit equivalent to 15 days salary last drawn for each completed year of service with part thereof in excess of six months.

Notes forming part of the financial statements for the year ended March 31, 2026

This is a funded benefit plan for qualifying employees. The Company makes contributions to LIC policy to cover the liability of the Company. The scheme provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment. Vesting occurs upon completion of five years of service.

These plans typically expose the Company to actuarial risks such as: investment risk, inherent interest rate risk, longevity risk and salary risk.

Investment Risk	The present value of the defined benefit plan liability (denominated in Indian Rupee) is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. Currently for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.
Interest Rate Risk	The defined benefit obligation calculation uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.
Longevity Risk	The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
Salary Risk	Higher than expected increase in salary will increase the defined benefit obligation.

The most recent actuarial valuation of the defined benefit obligation were carried out using the projected unit credit method.

Notes forming part of the financial statements for the year ended March 31, 2026

The Company makes annual contribution to Life Insurance Corporation (LIC). As LIC does not disclose the composition of its portfolio investments, break-down of plan investments by investment type is not available to disclose.

Significant actuarial assumptions for the determination of the defined obligation are discount rate and expected salary increase. The sensitivity analysis below have been determined based on reasonable possible changes of the respective assumptions occurring at the end of the year, while holding all other assumptions constant.

- If the discount rate is 50 basis points higher/ (lower), the defined benefit obligation would decrease by ₹ 122.79 lakhs (increase by ₹ 132.26 lakhs) [as at March 31, 2025: decrease by ₹ 106.74 lakhs (increase by ₹ 115.20 lakhs)].
- If the expected salary growth increases/(decreases) by 50 basis points, the defined benefit obligation would increase by ₹ 131.35 lakhs (decrease by ₹ 123.11 lakhs) [as at March 31, 2025: increase by ₹ 113.86 lakhs (decrease by ₹ 106.54 lakhs)]

Sensitivities due to change in mortality rate and change in withdrawal rate are not material and hence impact of such change is not calculated.

Sensitivity Analysis

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of reporting period, which is same as that applied in calculating the defined benefit obligation liability recognized in the balance sheet.

Maturity profile of defined benefit obligation

	As at March 31, 2026	As at March 31, 2025
Average duration of the defined benefit obligation (in years)	13.20	13.50

The Company expects to make a contribution of ₹ 289.30 lakhs (as at March 31, 2025 ₹ 219.94 lakhs) to the defined benefit plans during the next financial year.

29. Ind AS 116: 'Leases'

The Company has entered into cancellable operating lease arrangement for various residential properties for use by its employees. Considering the nature of these leases, lease payments are recognized as expenses in the Statement of Profit and Loss during the year ended March 31, 2026 is ₹ 26.90 lakhs (March 31, 2025: ₹ 25.82 lakhs).

30. Contingent liabilities, commitments and assets (to the extent not provided for)

a. Capital and other commitments

At March 31 2026, the estimated amount of contracts remaining to be executed on capital account was ₹ 38.26 lakhs (March 31, 2025: ₹ 33.74 lakhs)

The Company has other commitments, for purchase/sales orders which are issued after considering requirements per operating cycle for purchase /sale of goods and services, employee's benefits including union agreement in normal course of business. The Company does not have any long term commitments or material non-cancellable contractual commitments/contracts, which might have material impact on the financial statements.

b. Contingent Liabilities

	(₹ in lakhs)	
	As at March 31, 2026	As at March 31, 2025
a) Demands raised by Income tax authorities (Refer note (i) below)	852.74	745.74
b) Demand raised by Employees State Insurance Recovery Officer (Refer note (ii) below)	50.76	50.76
c) Demand raised by Custom Authorities (Refer note (iii) & (iv) below)	131.68	32.36

The amounts shown above represent the best possible estimates arrived at on the basis of available information. The uncertainties and possible reimbursements are dependent on the outcome of the different legal processes which have been invoked by the Company or the claimants as the case may be and therefore cannot be predicted accurately or relate to a present obligations that arise from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate cannot be made. The Company engages reputed professional advisors to protect its interests and has been advised that it has strong legal positions against such disputes.

Nature of disputes:

- (i) The Company has outstanding Income-tax demands aggregating to ₹ 12,179.45 lakhs, in relation to disallowance of royalty and other transfer pricing adjustments with associated enterprises. Considering favourable ITAT judgements for earlier years viz. AY 2006-07, AY 2007-08 and AY 2008-09, demand for royalty disallowance aggregating to ₹ 11,326.72 lakhs have been considered as remote. All other matters, mainly related to domestic transfer pricing are considered contingent by the Company. As on March 31, 2026, the total amounts paid under protest, including amounts withheld by tax authorities is ₹ 6,061.04 lakhs (March 31, 2025: ₹ 6,056.01 lakhs).
- (ii) The Company has outstanding demands of ₹ 50.76 lakhs with Employee state insurance court in relation to pending submission of requisite details with authorities against which the Company has paid ₹ 19.54 lakhs (March 31, 2025 ₹ 19.54 lakhs) under protest.
- (iii) Imposition of penalty on the Company for dealing in forged DEPB scrips amounting to ₹ 129.44 lakhs. The Company has deposited ₹ 32.36 lakhs (25% of the penalty amount) and filed an appeal in compliance with the condition of pre-deposit of 7.5% under section 129E of the Customs Act, 1962.
- (iv) The Company has outstanding demand of differential duty amounting to ₹ 99.32 lakhs including interest and penalty due to classification of Components of shock absorbers for 2 wheelers and its eligibility for concessional rate of Basic Customs Duty.
- (v) The Company had received demand orders for the financial years 2018-19 amounting to 219.50 lakhs on account of mismatch of input tax credit between GSTR 2A and GSTR 9 to which the Company has filed an appeal with Joint Commissioner for the financial years 2018-19. Further for financial year 2022-23 there was difference of ₹ 3.22 lakhs due to denial of ITC claim by the GST authority as the supplier has not filed the GSTR 3B return the Company has filed an appeal before commissioner appeal. Considering the facts of the matters involved in the aforesaid notices/orders and basis legal advice received, the Company has considered these matters as remote.

31. Exceptions items

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Increase in gratuity liability arising of past service cost due to Impact of Labour Codes (Refer Note below)	220.02	-
Total	220.02	-

Note: On November 21, 2025, the Government of India notified provisions of the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020 and the Occupational Safety, Health and Working Conditions Code, 2020, ('Labour Codes') which consolidate twenty-nine existing labour laws into a unified framework governing employee benefits during employment and post-employment. The Labour Codes, amongst other things introduces changes, including a uniform definition of wages and enhanced benefits relating to leave. The Company has assessed the financial implications of these changes which has resulted in increase in gratuity liability arising out of past service cost by ₹ 220.02 lakhs. Considering the impact arising out of an enactment of the new legislation is an event of non-recurring nature, the Company has presented this incremental amount as "Impact of Labour Codes" under "Exceptional Item" in the financial statements.

36.2 Fair value measurements

The Company uses the following hierarchy for determining and/or disclosing the fair value of financial instruments by valuation techniques:

The following is the basis of categorising the financial instruments measured at fair value into Level 1 to Level 3:

Level 1: This level includes financial assets that are measured by reference to quoted prices (unadjusted) in active markets for identical assets or liabilities. This category consists of quoted debentures and open-ended mutual funds.

Level 2: This level includes financial assets and liabilities, measured using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3: This level includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

Fair value of the Company's financial assets that are measured at fair value on a recurring basis:

There are certain Company's financial assets which are measured at fair value at the end of each reporting period. Following table gives information about how the fair values of these financial assets are determined:

(₹ in lakhs)

The fair value of the financial assets and financial liabilities are included at the amount that would be received to sell an asset and paid to transfer a liability in an orderly transaction between the market participants. The following methods and assumptions were used to estimate the fair values:

- Investments traded in active markets are determined by reference to quotes from the stock exchanges; for example: quoted price of debentures in the stock exchange etc. The fair value of listed debentures and mutual funds are based on direct market observable inputs.
- The fair value of unquoted mutual funds is verified from the Net Assets Value (i.e. NAV) declared by the Mutual Fund houses / third party websites.
- The fair value of Alternate Investment Fund fund is as per the valuation statement received from the fund.
- Trade receivables, cash and cash equivalents, other bank balances, loans, other current financial assets, trade payables and other current financial liabilities: Approximate their carrying amounts largely due to short-term maturities of these instruments.
- Management uses its best judgment in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates presented above are not necessarily indicative of all the amounts that the Company could have realized or paid in sale transactions as of respective dates. As such, the fair value of the financial instruments subsequent to the respective reporting dates may be different from the amounts reported at each year end.

36.3 Financial risk management objectives

The Company's senior management monitors and manages the financial risks relating to the operations of the Company. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

The Company seeks to minimise the effects of these risks by using diversification of investments, credit limit to exposures, etc., to hedge risk exposures. The use of financial instruments is governed by the Company's policies on foreign exchange risk and the investment. The Company does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

Market risk

Market risk is the risk of any loss in future earnings, in realizable fair values or in future cash flows that may result from a change in the price of a financial instrument. The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates risk/ liquidity which impact returns on investments. Future specific market movements cannot be normally predicted with reasonable accuracy. Market risk exposures are measured using sensitivity analysis.

Foreign currency risk management

The Company undertakes transactions denominated in foreign currencies and consequently, exposures to exchange rate fluctuations arise. Exchange rate exposures are managed within approved policy parameters utilising forward foreign exchange contracts. The counter party for these contracts is generally a bank, however there are no outstanding forward exchange contracts at year end.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows.

Foreign currency exposure (Unhedged)*

* The Company does not have any hedged foreign currency instruments outstanding as at March 31, 2026/ March 31, 2025.

Foreign currency sensitivity

The following table details the Company's sensitivity to a 5% increase and decrease in the rupee against the relevant foreign currencies. (+)/(-)5% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 5% change in foreign currency rates. A positive number below indicates an increase in profit or equity. For a 5% strengthening/weakening of the rupee against the relevant currency, there would be a comparable impact on the profit or equity, and the balances below would be positive or negative.

Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. Trade receivables balance at the end of the year includes ₹ 19,297.74 Lakhs (March 31, 2025: ₹ 14,192.36 Lakhs) due from the Company's largest customer, which is creditworthy and Company doesn't have any past history of any losses on account of credit risk. The Company's exposure and wherever appropriate, the credit ratings of its counterparties are continuously monitored and spread amongst various counterparties. Credit exposure is controlled by counterparty limits that are reviewed and approved by the management of the Company.

Financial instruments that are subject to concentrations of credit risk, principally consist of balance with banks, investments in debt instruments/ bonds, trade receivables and loans and advances. Other than trade receivables, none of the financial instruments of the Company result in material concentrations of credit risks.

Balances with banks were not past due or impaired as at the year end. In other financial assets that are not past dues and not impaired, there were no indication of default in repayment as at the year end.

The age analysis of trade receivables as of the balance sheet date have been considered from the due date and disclosed in the note no. 9 above.

The Company has used a practical expedient by computing the expected loss allowance for financial assets based on historical credit loss experience and adjustments for forward looking information.

Movement in the expected credit loss allowance of financial assets

Less: Reversals of provision	-	-
Less: Amounts written off	-	-
Balance at the end of the year	837.29	837.29

Other price risks including interest rate risk

The Company has deployed its surplus funds into various financial instruments including units of mutual funds, debentures, bonds, etc. The Company is exposed to NAV (net asset value) price risks arising from investments in these funds. The value of these investments is impacted by movements in interest rates, liquidity and credit quality of underlying securities.

NAV price sensitivity analysis

The sensitivity analyses below have been determined based on the exposure to NAV price risks at the end of the reporting period. If NAV prices had been 1% higher/lower:

- profit for the year ended March 31, 2026 would increase/decrease by ₹ 305.35 lakhs (for the year ended March 31, 2025: increase/decrease by ₹ 285.08 lakhs).

Liquidity risk

Liquidity risk represents the inability of the Company to meet its financial obligations within stipulated time. To mitigate this risk, the Company maintains sufficient liquidity by way of readily convertible instruments and working capital limits from banks. The company has a sanctioned Cash credit limits of ₹ 3,000 Lakhs (March 31, 2025 : ₹ 3,000 Lakhs) which remained unutilised as at March 31, 2026.

Maturity profile of financial liabilities:

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date.
